THEORETICAL & EXPERIMENTAL MEDICINE

Biochemical evaluation of anti-inflammatory action of celecoxib and caffeine in a formalin pain model in rats

G.O. Syrova, T.S. Tishakova, O.V. Savelieva, N.M. Chalenko

5–11

THERAPY

Activation of immuno-inflammatory response in patients with coronavirus disease (literature review)

N.O. Skorokhodova

12–21

PHYSICAL THERAPY, REHABILITATION & SPORTS MEDICINE

Electromyographic indicators investigation in female athletes engaged in pole acrobatics

I.O. Zharova, H.P. Antonova

22–29

PEDIATRICS

Clinical features of functional gastrointestinal disorders in preterm infants: an analytical study

O.S. Godovanets, A.H. Babintseva

30–38

TRAUMATOLOGY & ORTHOPEDICS

Early diagnosis of monogonarthrosis (literature review)

G.G. Golka, V.V. Vesnin, V.V. Burlaka, A.O. Oliynyk, O.G. Fadiev, O.V. Goptsy,
E.Yu. Frolova-Romaniuk

39–47

EPIDEMIOLOGY & PUBLIC HEALTH

The system of risk factors for diseases in valeological disciplines

A.S. Shevchenko, V.V. Shevchenko, K.G. Pomogaybo,
S.I. Danylchenko, G.W. Brown, O.L. Shumskyi, Ye.Ye. Bilyi,
R.A. Zhoga, V.I. Yushko

48–65

NURSING

Nursing support of military service members with a mild degree of intellectual disorders with gastrointestinal diseases in the process of medical rehabilitation

V.O. Sushchenko, V.I. Smirnova, E.M. Sushchenko

66–69

Features of psychological support for nurses in children's hospitals under martial law

K.V. Tovstohon, G.V. Yeryomenko

70–74

TEACHING ISSUES & LECTURES

English-medium instruction in European medical schools: availability and distribution

I. Korneyko, O. Petrova, O. Krainenko, H. Ovsianikova

75–85

Features of emotional burnout syndrome in medical college teachers

A. Kulyk, T. Bezditko

86–90
